This posting is the third part of an examination of the 2007 airplay received by Canadian performers as playlisted on the Folkdj-1 listserve.

The following songs recorded by Canadians received the most Folkdj-1 airplay in 2007. Once again, "Peace Call" by Eliza Gilkyson, came in at #1 on the international list with 82 plays. It's worth noting that "Peace Call" has been either the #1 or #2 song for four years in a row. Eve Goldberg's "Let Me Rise" came in at #8 on the international list.

Richard Gillmann cut off his songs list at 23 plays but I have extended this list down to 15 plays by adding songs noted under the

top albums in Gillmann's albums list. Songs noted with a * after the number of plays were on last year's list.
