"There's A Bright Side Somewhere" by Jorma Kaukonen was the #1 international song with 106 plays.

The following songs recorded by Canadians received the most FolkDJ-1 airplay in 2009. The top Canadian song was The Wailin' Jennys' "Deeper Well" which came in at #7 on Richard Gillmann's international top song list.

Richard cut off his song list at 24 plays but I have extended this list down to 15 plays by adding songs noted under his top albums list. Songs noted with a * after the number of plays were on last year's list as well.
